

Dear Parents and Carers,

Rokesly Junior School is pleased to introduce a new method of staying in touch with school. We have a brand new Smartphone App, the first in Haringey, to the best of our knowledge. The app contains term dates and events calendar, news from the school and info. So it is easy to find out about activities in the school and it is free of charge to download onto your Smartphone.

You will also be able to provide feedback to the school through the app. Finally like all Smartphone apps, you can contact the school directly to notify of absences etc from within the app. The app is available for iPhone and Android phones and tablets and an html 5 version is available for Windows phones and Blackberries.

You can use this QR code to get the app now.

Or type in link below into your phone's browser and choose the phone you wish to download onto

<http://download.appsforschools.org.uk/app/170>

We do hope you find this exciting new development an extremely helpful way to stay in touch with the school and your children's education, and trust you will talk to other parents so that we get more and more parents to download the app.
